between the Kepublican and Demo-cratic counties in New York so closely approximate each other on the electo-ral ticket as now reported and estima-ted, that we scarcely feel qualified in saying that New York has gone for Grant, though we have strong faith that the correction of the figures yet to be made will insure this result.

A few additional returns from this State up to noon do not materially alter last night's figures. The State has gone Democratic by from 5,000 to 10,000. Oneda county gives 1270 majority for
